

Name: _____

Perimeter

Directions: Trace the sides of the rectangle. Fill in the missing side lengths. Add the side lengths to find the perimeter in the correct units. Show your work.

WORKSPACE Write the equation:

$$\text{perimeter} = 3 + 9 + \underline{3} + \underline{9} = \underline{\hspace{2cm}} \text{ km}$$

OR

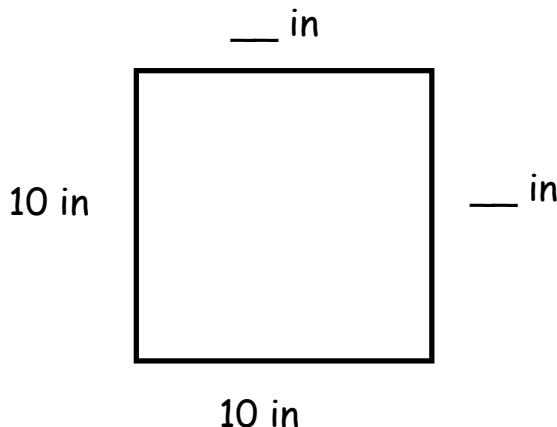

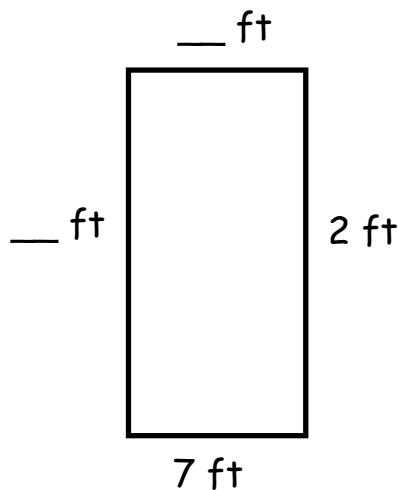

$$\text{perimeter} = 3 + \underline{3} + 9 + \underline{9} = \underline{\hspace{2cm}} \text{ km}$$

WORKSPACE Write the equation:

$$\text{perimeter} = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{2cm}}$$

OR

$$\text{perimeter} = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{2cm}}$$

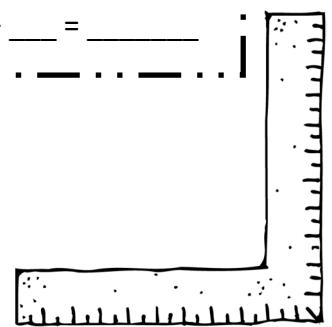

WORKSPACE Write the equation:

$$\text{perimeter} = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{2cm}}$$

OR

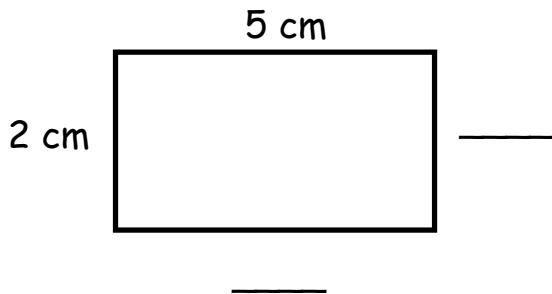

$$\text{perimeter} = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} = \underline{\hspace{2cm}}$$

Name: _____

Perimeter

Directions: Trace the sides of the rectangle. Fill in the missing side lengths. Add the side lengths to find the perimeter in the correct units. Show your work.

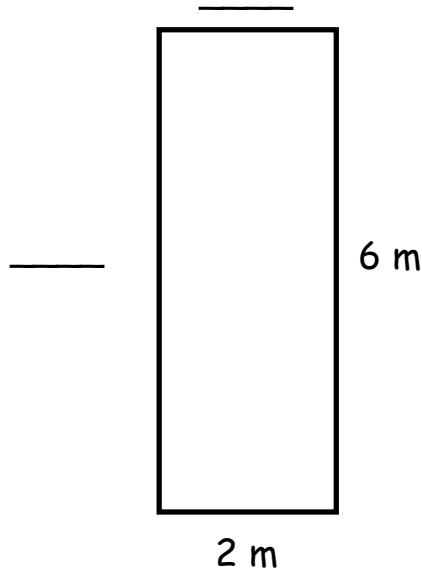

WORKSPACE Write the equation:

$$\text{perimeter} = \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

OR

$$\text{perimeter} = \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

WORKSPACE Write the equation:

$$\text{perimeter} = \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

OR

$$\text{perimeter} = \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

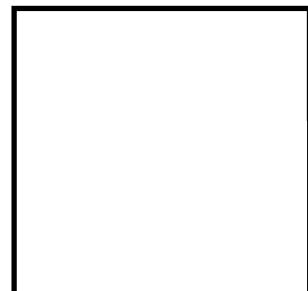

WORKSPACE Write the equation:

$$\text{perimeter} = \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

OR

$$\text{perimeter} = \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$
